SUMMARY

Fourth-year Computer Engineering student with a strong foundation in Cybersecurity, Networking, and System Administration. Hands-on experience in security monitoring, incident analysis, network traffic analysis using Wireshark, and identifying Indicators of Compromise (IOCs). Familiar with SIEM concepts, MITRE ATT&CK, Windows Server, Linux, and cybersecurity fundamentals. Seeking a Junior SOC Analyst opportunity to apply my technical skills in threat detection, security analysis, and incident response while continuing to develop professionally in cybersecurity.
